SHEIKH MOHAMMED BIN ZAYED AL NAHYAN
PRESIDENT OF THE UNITED ARAB EMIRATES

"The UAE is proud of its tradition of tackling challenges and working closely with the international community. The on-going regional developments and world transformations testify the validity of the criteria on which the UAE's strategy was based. High on top on the agenda of this strategy are self dependency, optimal utilization of available resources, and a clear-cut leading role for the citizen.."

MOHAMMED BIN RASHID AL MAKTOUM
VICE PRESIDENT, MINISTER OF DEFENCE AND PRIME MINISTER OF THE UNITED
ARAB EMIRATES, AND RULER OF DUBAI

"The heart of the UAE beats to the rhythm of its leaders, government and people; all united and invincible as one nation."

Introduction

Great work is born when passion, energy and teamwork come together. At DUBUILD, we have got this mix just right! Our hunger for perfection, zeal for doing amazing things and the spirited enthusiasm to succeed have helped us carve a niche in the construction market of the region.

Since the time of inception in the year 2008, Dubuild Contracting LLC has focused on quality and all our projects bear the seal of excellence. We have successfully completed diverse requirements of our clients – refurbishment works for offices, industrial and healthcare premises and construction of mega industrial, commercial, and residential buildings.

About RMB Group

Situated in Abu Dhabi U.A.E, RMB Group is a privately-held diversified group of companies and subsidiaries that operate under one umbrella while primarily concentrating on overseeing the daily functioning of its SGA (Subsidiaries Group Associates).

Since founded in 2007, we have been guided by a set of essential values that classify who we are and define the spirit of our group. As such, we adhere to: Integrity, Commitment and Sustainable Performance all of which orchestrate the characterization of the group's performance and objectives. A decade later these values remain ardent, making us one of the leading Pioneer Business Groups in the Middle East.

A true team, a family, starting a movement far greater than any one individual can do on his own. The results speak for themselves, any comparing services can have the will to be great, but it's the will to continue to be great that sets us apart from our competitors. Our aim is to deliver rapid growth and premium services. With that being said, we have composed a rewarding client base implanting new ideas to continue moving towards our goal of expanding both locally and internationally.

RMB is ranked among the most pioneering business groups in the Middle East and is one of the fastest growing corporate houses. The group's headquarters focuses on investing in growth and overseeing the functioning of the individual group companies. Each RMB company operates independently, keeping customers delighted, achieving growth through excellence and innovation, all the while balancing the interests of shareholders, employees and the community.

Executives Messages

Rashed Mohamed Mahran Alblooshi
Chairman, RMB Group

Chairman's Message

As a diversified holding company, RMB Group is active in a wide range of industries including Contracting, Manufacturing, Trading, Power & Water, Real Estate, Agriculture, Hospitality and Educational services. Our clear overall mission, the beneficial organizational tactics, integrated workforce, and individual awareness make up the RMB Group portfolio that primarily focuses on today's market growth and safeguards our sustained and promising future.

My Philosophy is based on the focus of quality that stands out amongst the crowd which is why RMB Group is committed to the highest business stand and we pledge to deliver. As a true competitor of any sport, we strive day in and day out to be true champions, excellence in all we do! Our group, each chaired by a senior member of our managing team, ensures our operational guideline policies are implemented with high standards, excellence and integrity. With as much devotion and significance, we also take the feedback, advisory and support of our employees, clients, and stakeholders in the value chain as well as the view of the public eye in creating value creation.

I would like to express my gratitude for the support you have been extending to us, I'm confident with our experience and background in its quest of perfection, RMB Group will continue to offer unrivaled platform for growth and introduce services to new markets worldwide.

Eng. Khaled Abed
Managing Director

Managing Director's Message

Looking at how DuBuild has grown and developed throughout the years, I am filled with immense pride and honor to be serving as its Managing Director. It is through great teamwork and shared vision that we came this far, and keep on growing. Our key driving force is our commitment to our clients, which is why we put great emphasis on our quality and reliability.

We have a strong corporate culture, and provide our team members with an environment that fosters growth and self improvement, giving everyone an opportunity to hone their skills and build their expertise. As a result, we have a strong team of experts with a unique industry experience to offer our clients.

DuBuild was fortunate to work on many prestigious products throughout the years, and our approach has always been to go above and beyond to deliver the best. Our reputation speaks for itself. Being a part of RMB Group provided us with the chance to partner with some of the best companies in the field, as we continue on our vision to positively contribute to UAE's rapid development. The future looks exciting!

About Dubuild

Great work is born when passion, energy and teamwork come together. At DuBuild, we have got this mix just right! Our hunger for perfection, zeal for doing amazing things, and the spirited enthusiasm to succeed have helped us carve a niche in the construction market of the region.

Since the time of inception in the year 2008, DuBuild Contracting LLC has focused on quality and all our projects bear the seal of excellence. We have successfully completed diverse requirements of our clients – refurbishment works for offices, industrial and healthcare premises, and construction of mega industrial, commercial, and residential buildings.

Our Belief

Deeply embedded in our nearly a decade old history is a culture of hard work, dedication and passion for getting the work done to perfection. As one of the region's leading diversified construction companies, we constantly strive to provide high-quality solutions for our clients. We believe that success is achieved only when passionate people work together and generate value for all our stakeholders.

Our Vision

Our vision is to be one of the leading names in the construction sector and by adopting environmentally friendly construction techniques, we stay committed to the environment we live in. Our aim is to remain dedicated, reliable, efficient, responsive and professional in everything we do.

QHSC Policy

Assuring Quality, Health & Safety Always

Our comprehensive work approach is aimed at reducing the environmental impact and fostering positive community connections in all aspects of our business. Driven by excellence in execution, we are committed to ensuring the safety of our employees while giving back to the communities in which we live and work. We deliver any project, anytime in any environment for the benefit of our customers, shareholders, employees and the communities we serve.

As an international standard, we adopt ISO 9001 quality assurance and quality control programmes. The module can be further integrated to suit the specific requirements and needs of the Emirates market. At the request of the client or consultant, we can develop unique Quality Assurance programme for every project.

Project Management

We're a diversified construction company, made up of teams of people who are proven in their industries. All working to design, build, transport, operate and maintain projects all over UAE. Our business is more than concrete and steel. It is about people and the power of partnerships. Partnerships with our employees, our communities, our contractors and clients.

We believe in building trust in the places where we do business - whether that's by engaging honestly, by giving back, by putting safety first, or by looking for smarter, more sustainable ways to get the job done right.

Area of Expertise

We are Driven by the In-Depth
 Technical Know How & Focus on
 Delivery Under Every Circumstance

Civil Engineering

The success of any land development project – from single-family residential projects to master-planned communities, to business parks depends on and requires an engineer and engineering firm having an understanding of the basic needs of the project. It also requires the technical background to perform services such as planning and design of water, sewer, paving and drainage systems, and plat preparation.

Infra & Superstructure

Infrastructure services have an important position, just as construction services. Thus, we aim to develop the projects in accordance with the needs and the topography. We utilize state of the art technologies in the whole process of construction from developing project to project management, from supply to logistic, from human resources to mobilization of machinery.

Maintenance

We provide proper maintenance for all the projects and specialize in reactive maintenance and refurbishment of properties, both domestic and commercial.

Consultants

Major Clients

Our Projects

Since our inception, we had the opportunity to work on some major projects within the UAE. Our focus is always on the quality and reliability, which contributed to our firm position in the market and winning our customers' trust. We have successfully completed a range of projects, which has provided us with a unique expertise and competence.

Our Team

Be it a mega construction project or a small refurbishment job, we put total commitment to finish the work with seamless perfection.

Our teamwork is the backbone of our success. With a team of seasoned professionals, we have touched new horizons in the construction sector. Experienced Project Managers, Technical Managers, Construction Managers, QA/QC Managers and safety engineers work as one unit in achieving the set goals. Office and Site Engineers, Foremen and Supervisors ensure that the work is completed on time at desired levels of quality.

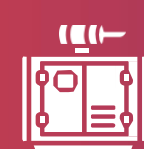

Today, we are recognized as a leader in the industry, for our strength in traditional construction methods and for our creative, fresh approach to cutting edge technologies and delivery systems.
